Work Experiences

Product Designer @ Vita Health 02/2025 - NOW

Vita is a fast-growing wellness and fitness app. Here, I manage the entire design process with another designer, from ideation and research to delivery.

Product Designer @ Leasy.pro 09/2023 - 11/2024

Leasy was a **startup** developing a financial and management dashboard tailored for property managers.

As the **sole designer**, I oversaw the entire design process, which involved:

- Conducting **UX research**, **market research** and competitive benchmarking
- **Ideating and prioritizing new features** through **contextual inquiries** and **interviews**
- Collaborating with the development team to refine **wireframes** and address technical constraints
- Designing both **desktop and mobile UIs**, while creating and maintaining the **design system** in Figma

Product Designer @ Bending Spoons 11/2022 - 04/2023

- Design **mobile experiences and UIs** based on the design system, collaborating across multiple teams
- Propose **feature innovations** to address users' pain points and drive growth
- Conduct **user interviews** to better understand their needs
- Analyze **A/B testing results** to optimize **monetization (CRO)** as part of the Growth team

UX/UI Designer @ Mynd 02/2022 - 10/2022

- Interacting with clients to help them understand the best way to achieve their goals, and plan the design workflow
- Activities include **benchmarking**, requirements collection through **customer interviews** and **contextual inquiries**, designing **information architectures**, creating **wireframes**, developing interactive **prototypes**, and conducting **user testing**

Education

Human-computer interaction

Master's degree @ Bicocca University - Milan 09/2019 - 10/2021

Covers **UX themes** from communication psychology to research and UI projects.

Thesis: study about fake news spread through social media (110/110 **cum Laude**).

Computer science

Bachelor's degree @ Bicocca University - Milan 09/2016 - 07/2019

Thesis: **usability study** about vague graphical representation of percentages (107/110).

Erasmus+ experience @ Université Côte d'Azur - Nice

Other Experiences

Social media manager 2016 - 2021

Studenti Indipendenti Bicocca

I coordinated the social media team of a student organization by evaluating content, setting the **strategy** and **tone of voice**, and producing **graphic content**, growing the page from 100 to 10k followers.

Scout experience 2007 - 2018

This experience instilled in me a strong sense of **responsibility**, and taught me how to handle **unexpected events**. For 3 years, I also played an **educational role** with children.

Math and CS olympics 2014 - NOW

For several years, I participated in various competitions, including individual and group contests, reaching different advanced phases.

Student representative 2016 - 2021

I organized events and managed interactions with professors while negotiating with university governance within the **academic senate**.

PROJECTS

Leasy Platform

Research and design of a **property managing dashboard**.

PayPal UX Analysis

UX Analysis of two flows of the PayPal App, with user test and redesign.

Retake App

Design of a brand-new app with design system and components.
